

Five Lakes Manufacturing Wood Doors

Capabilities & Qualities

Facilities & Inventory

Our modern plant features high quality equipment and a rigorous quality assurance program. Your order will arrive on time, per your specifications everytime. Complete your next project with high quality wood doors from FIVE LAKES MANUFACTURING, INC.

We've designed our production and order systems to take full advantage of computer-coordination, so we can respond quickly to the needs of each customer. That helps us provide you with the fastest possible turn-around and enables us to keep you up-to-date on the status of your order.

Our extensive inventory of raw materials allows for consistent lead time and quick ship available on most items.

Precise Machining Ensures A Perfect Fit, Every Time.

Complete machining departments that will quickly machine everything from hinge pockets to electric access cardlocks, concealed vertical rods and electric raceways.

We will build & premachine for a variety of Architectural flush door applications.
